Fall Games A Blast!
PRCC's 1997 Fall Games, held in conjunction with the annual Fall Fest, is a blast for students, staff, and faculty alike. Here the action is situated in M. R. White Coliseum and a few student teams ham it up for the camera.

The Pearl River Community College Wildcats enter their second football season under the direction of Head Coach Keith Daniels.

Daniels was hired in the spring of 1995 after a long, successful career as assistant coach on the Division 1A level, guided the Wildcats to a 7-3 mark during his inaugural season.

In addition to his head coaching duties, Daniels also handles offensive coordinator duties and coaches the offensive backfield.

Daniels is married to the former Charolette Hartzog and they are the parents of a daughter, Sunny.

Football Coaching Staff

Pearl River Community College's Football Staff consists of (L-R) Mark Anderton, Steve Kelley, Brian Saffle, Head Coach Keith Daniels, Jim Nightengale, and Mike Humphreys.

Mike Humphreys

Humphreys is PRCC's Defensive Coordinator. This is his eighth season with the Wildcats.

Humphreys obtained his bachelor of science degree in physical education from the University of Florida at Gainsesville.

He coached at two Florida high schools, and at Nicholls State University Thibodaux, La. before starting at PRCC.

Mark Anderton

Anderton is the newest member of the PRCC coaching staff. He is in charge of the offensive line.

Anderton earned his bachelor's degree from the University of Tennessee.

Since that time, he has coached at Lambuth College in Jackson, Tenn., The University of Mississippi, and Gardner Webb University in Boiling Spring, N.C.

Steve Kelley

Kelly is in his fourth year as Defensive Line coach for the Wildcats.

Kelly attended the University of Southern Mississippi following Pearl River Community College.

Before coaching, Kelly served as a sales representative and eventually sales manager for Liberty National Life Insurance Company.

Earning his master's degree in 1992, he began his coaching career the same year.

Jim Nightengale

Nightengale is PRCC's Wide Receivers Coach.

He earned his bachelor of science degree and his master's in education and social science from William Carey College.

Nigthengale served as an assistant coach under Carey Head Coach Bobby Halford before coming to PRCC. He is also the Wildcat's head baseball coach.

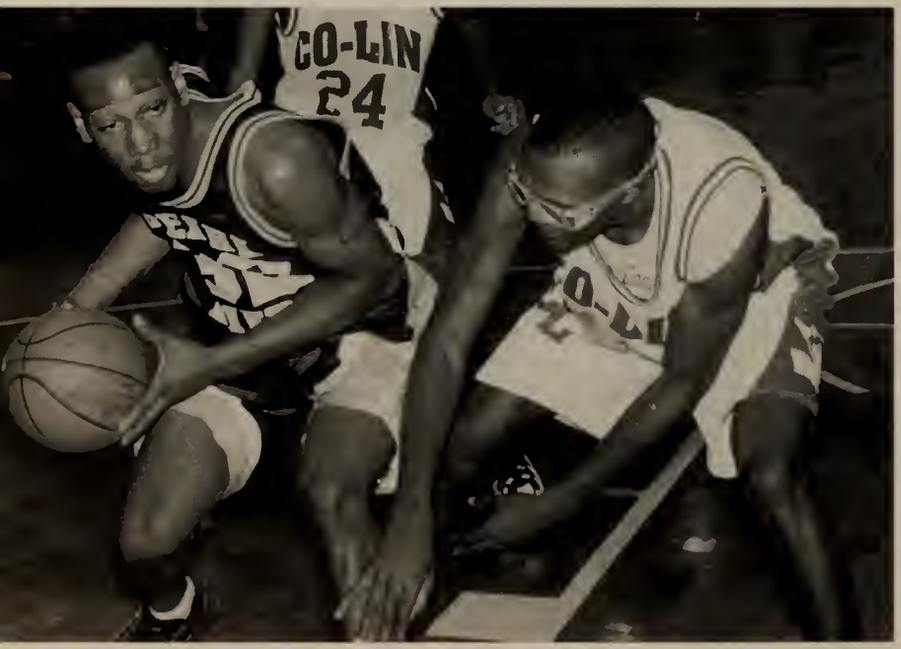
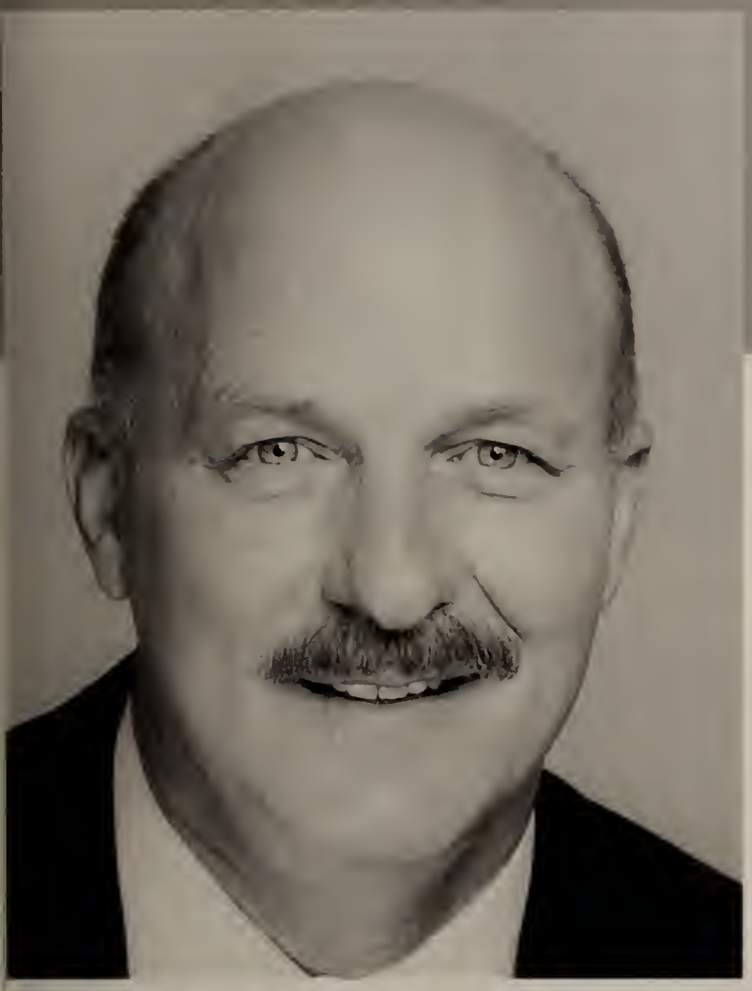
Wildcat Basketball

Only two sophomores — Marlon Mitchell and Eric White, both of Hattiesburg — emblazoned the Wildcat roster at the start of the 1996-97 season. Mitchell departed at the Christmas break, but another — Ray McGill of Picayune — joined the team the second half of the season after a one-year absence from the basketball court and contributed immediately. Point guard Todd Daniels of West Marion (right) and Marcus Mackey of Lumberton (below) are two freshman standout starters that return next season.



Head Coach Richard Mathis



Manthis has served as head coach of PRCC's basketball team for six years.

Manthis has served on the coaching staffs of Mississippi State University, Jacksonville State University in Ala., East Mississippi Community College, and Northeast Community College.

Manthis was awarded the NJCAA Region VII Coach of the Year in 1978-79, Gulf South Coach of the Year in 1988, and Mississippi Association of Coaches Men's Coach of the Year in both 1982-83 and 1994-95.

State Tournament

The night of February 20, 1997, on the Copiah-Lincoln Community College campus in Wesson, PRCC's Wildcats nipped the host Wolves 85-83 in overtime to claim the State South Division Community/Junior College Championship and set the stage for two of the most exciting days in PRCC men's basketball history. The division title earned the 'Cats the right to host the overall State Tournament February 24-25 in M. R. White Coliseum on PRCC's Poplarville campus and set the stage for The River to possibly win its second state title in three years and its third since 1965. Wet pre-spring weather engulfed PRCC for the two-day statewide event that hadn't been played on the Poplarville campus since 1958. But inclement weather didn't faze the Wildcats' play or their astounding fan support. School and community spirit skyrocketed to seemingly an all-time high. Needless to say, Pearl River's home stand in their quest for a state title boasted a "sixth player" — the fans — that provided plenty of emotion for the Wildcats. PRCC opened its championship bid against the Coahoma Tigers and pounded their likes 92-73, then it was PRCC versus Northwest the Rangers for the state championship. Pearl River was 3 points shy — 113-116 — of a 1997 overall title in a two-overtime free-for-all.

Wildcat basketball . . . that's where it's at!

Lady Wildcat Basketball

PRCC's Lady Wildcats suffered the early-season loss of standout Shantell Key, but bounded back to earn a Region 23 Tournament berth despite a lackluster 11-14 record. The Lady Wildcats have made the regional tourney four of the past five seasons under the direction of head coach Polly Kirkland.

PRCC Tennis Coach

Dr. Chris Lundy, a academic counselor at PRCC, undertook the coaching responsibilities of the school's tennis program that was non-existent for the past eight years. Lundy stressed a hard work ethic to his players and their dedication paid off by the end of the season, as four men's singles and two women's singles players won opening round matches. Two men's doubles and two women's doubles teams also advanced to second round play. Lundy graduated from Delta State University where he competed on the Statemen's team from 1967-71 and went on to coach the team in 1983 and 1984 while a counselor at Rosedale High School. Following his DSU graduation, Lundy continued to compete on the amateur level, achieving state rankings in open singles from 1976-80. Pearl River three existing courts were totally refurbished and three new courts were constructed in time for the 1997 season.

Coach L. Neelis

Laurie Neelis completed her second season as head coach of PRCC's women's softball team. In 1995, Neelis guided the Lady Wildcats to their first state tournament appearance since 1981, but were eliminated after two games. Neelis is a transplant to the South. After graduating from high school in Cheboygan, Mich., she played two years of softball at Alpena Junior College in Alpena, Mich., then saw a brief stint in the ***"working world"*** *before heading south for Hattiesburg and the University of Southern Mississippi, where she earned her bachelor's degree in 1994 and her master's in 1995. She says her arrival in South Mississippi came about through connections with friends on the softball diamond. Neelis also served as a volunteer coach at Jones Junior College in Ellisville three seasons ago.*

aurie Neelis concluded her second season at the helm of Pearl River ollege women's softball with the Lady Wildcats finishing at 13-28 verall and 7-17 in the division. Neelis said her team, which boasted nly four second-year players, never "learned how to win," noting "we st never were able to really dig down and pull out the wins when it ounted. We lost 10 games this past season by one run, so it goes to show ou that we were right there in every game, but we just couldn't seem to ull them out. Our being so young was a big reason for that." PRCC Golfers Fall Short In Region 23 '3-Peat'

Pearl River Community College's Wildcat golfers fell short in accomplishing a "three-peat" in Division III Region 23 golf action as they finished second to East Central in the "shortened" state/region tourney in early May at Krikwood National in Holly Springs.

PRCC was the Division III Region 23 champ for the past two seasons. First round action got underway Monday, but rain cancelled Tuesday's second round — giving first round leader ECCC the title. Wildcat coach Mike Humphreys said it was regrettable that a championship was decided by only one round.

East Central led the five-team Division III pack with an opening round of 333, while PRCC shot 343. Jones, Copiah-Lincoln, and East Mississippi finished third through fifth, respectively.

Wildcat Anthony Lee of Petal led PRCC with a 79 on the opening day and earned All-Region honors by finishing fourth individually. He now targets the national tournament set June 3-6 at Woodlake Country Club in Vass, N.C. Lee played in the nationals a year ago and finished 29th. Colby Scarborough of Picayune and David Orgeron of Lafayette, La., also competed last year. Scarborough finished 26th, while Orgeron was 42nd.

PRCC's Heath Suire shot a season-high 83 in the tourney and missed the nationals via a "last nine" tie-breaker system. Suire averated 77.6 strokes per 18 holes for the 1997 season, but shot his worst score of the year at the state tournament. Mike Melancon of Bogalusa, La., shot a 92, Chris Causey of Picayune 89, and Brian Wright of Poplarville 108.

Lee fired a four-round score of 342 in the 1997 National Junior College Athletic Association Division III Golf Championship Tournament played at Woodlake Country Club in Vass, N.C., in early June to finish 27th nationally. Lee shot an opening-round 86, but bounded back with a 79 in the second round. He shot 89 and 88 during the last two days of play.

Two other Mississippi players accompanied Lee to the nationals in Jones Junior College's Stephen Jones and Ben Graves, who edged-out Suire for the national berth.

African American Society

PRCC's Afro-American Cultural Society hosted its annual Black History Program in February in Moody Hall Auditorium and program included performances by choirs from area churches and the Society's choir. There were also skit performances and guest speakers. The highlight of the program was speaker Charles E. Lawrence, Jr. city judge for the City of Hattiesburg. Lawrence has had many honors which provide him with the opportunity for success.

Pearl River Community College Board of Trustee Member Marion Fortenberry, 57, of Prentiss died September 19, 1996 at the Methodist Hospital in Hattiesburg.

Mr. Fortenberry was Superintendent of Education in his native Jefferson Davis County. He graduated from Bassfield High School, Pearl River College (1960) and received a bachelors and masters degree and AAA certificate from the University of Southern Mississippi.

Mr. Fortenberry was beginning his 37th year of public school service, having served as a classroom teacher, principal, and county superintendent for the past six years. He was a member of the Prentiss United Methodist Church and teacher of the R. G. Livingston Sunday School Class and was a lay delegate to the Mississippi Methodist Annual Conference.

Survivors include one daughter, Stephanie Fortenberry of Columbia; one son, Jody Fortenberry of Prentiss; his parents, Dennis and Jewel Fortenberry of Bassfield; one brother, Wayne Fortenberry of Bassfield and one sister, Jo Anne Carraway of Bassfield.

The Pearl River College family and the Jefferson Davis County school children will miss Mr. Fortenberry's outstanding support for and leadership in education.

Pearl River Community College President Dr. Ted Alexander

Ted J. Alexander was named the ninth president of Pearl River Community College by the institution's Board of Trustees at the March, 1986, meeting and he assumed office July 1, 1986.

Dr. Alexander had been Superintendent of Schools for the McComb Municipal Separate School District for the previous ten years prior to assuming the Pearl River Community College presidency.

After graduating from Central High School in Jackson, he received the Master of Education degrees in Educational Administration and Guidance from Mississippi College and the Doctor of Education degree in Educational Administration from the University of Southern Mississippi.

Because of Dr. Alexander's determination and vision, Pearl River now operates the most modern Allied Health Center in the state. Beginning this fall the college will offer the state's only Occupational Therapist Assistant program.

Through Alexander's guidance, the college has established a very active Grants and Research Department which generated more than $20 million since 1989 and a foundation which has raised more than $2 million dollars from private sources.

With more than 200,000 square feet of new construction or renovated space, the college provides an excellent environment to learn.

Spring Fest '97

Spring Fest brought hundreds atop hundreds of high school students to The River's campus, who were entertained by PRCC's show choir River Road which performed selections from the Broadway musical 'Grease.' In bottom photo, PRCC President Ted Alexander poses with two visiting high schoolers who earned scholarships via a basketball throw contest.

Out With The Old, And In With The New

Pearl River College's "newest landmark" should be in full operation by the start of the 1997-98 school year. PRCC's half-century-old water tower was torn down over the Christmas holidays to make room for a new, modern "pedestal" type structure that will better serve the college's ever-growing needs.

Construction on the Wellness Center

When the Pearl River Community College Nursing and Wellness Center opened Tuesday, August 12 on the Poplarville campus, it marked a unique approach to nursing education here in Mississippi and the region.

Not only will the new $3.7 million facility allow the college to eventually double its associate degree nursing enrollment, but it now provides students and faculty the opportunity to stay healthy and achieve the highest potential for well-being.

Melanie Morris is director of the PRCC Wellness Program and Lindsay Loustalot is Nursing/Wellness Coordinator. The key to the success of the facility is how well Morris and Loustalot mesh their responsibilities.

Morris says wellness is the "conscious and deliberate effort to stay healthy."

"Wellness is the integration of the mind, the body and the spirit," said Morris. "It is a choice, a process, a lifestyle."

According to Morris there are five dimensions of wellness which work together to influence a person's personal health and well-being. The components include physical, social, emotional, intellectual and spiritual.

The physical dimension is represented by the physiological systems of the body. Some measurable parameters include blood pressure, blood cholesterol and other cardiovascular components; weight management; eating habits and dietary patterns; drug/alcohol/tobacco use; regular preventive exams/screenings; and physical fitness levels.

Social relationship issues are included in one component and assists a person to interact socially in a variety of settings. It also helps develop healthy intimacy with significant people and teach respect and tolerance for opinions and beliefs which differ from the individual.

Morris says the "emotional" dimension touches on awareness, acceptance and appropriate expression of feelings — both positive and negative — can help develop level well-being.

Learning and decision-making skills are part of another dimension. "Having the ability to gather and understand factual information and make knowledgeable decisions can improve and enhance a career, life and health," said Morris.

Morris said the "spiritual" dimension will bring meaning and purpose to a person's life.

"It is your relationship to God, the universe, and other living things which provide you with morals, values, ethics, and sense of strength and belonging," said Morris

During the Fall and Spring semesters the Wellness Center is open from 8 a.m. to 9 p.m. Monday through Thursday and from 8 a.m. to 6 p.m. on Friday.

To use the facility, a faculty or staff person must be officially registered in one of the courses and have completed the pre-assessment process.

Nursing is the art and science involved in the delivery of health care. Loustalot, a long-time PRCC nursing instructor, says the science of nursing is the knowledge base for what is done and the art of nursing is the skilled application of that knowledge.

Pearl River College's nursing program is a planned program which involves specialized skills and knowledge based on critical thinking.

"It is our goal to educate the student to deliver competent nursing care and health teaching to all ages and cultures," said Loustalot. "The student assists the client to meet his basic need and advance towards his optimal level of wellness."

Until now PRCC clinical settings included traditional hospital and community agencies. With the new facility nursing and wellness disciplines will be interrelated.

Loustalot believes that the components of wellness will enhance the ADN curriculum. PRCC nursing students will gain clinical experience in physical assessments such as height, weight, heart rate, blood pressure and other fitness components.

It also gives the student an opportunity to develop client education materials and presentations on a variety of wellness related topics.

"Our students will be doing pretty basic things," said Loustalot, "But it's a good beginning for the first year student as they learn head-to-toe assessment skills.

Loustalot said she will specifically be assisting the students in developing topics related to the components of wellness.

"These components will be developed in the form of such projects as classes, forums, and seminars," said Loustalot. The programs will take place in the community such as elementary, junior and senior high schools, churches, group homes, civic organizations, and industrial organizations.

"We will be the home base for reaching out into the community to encourage more responsibility for our own health and making better informed decisions," said Loustalot.

Some of the topics covered include teen pregnancy, protection from HIV, effects of drug and alcohol abuse, drug addictions, stress management, anxiety disorders, and eating disorders.

Loustalot says the PRCC students will also participate in support groups, and will present topics on communicating with health care providers, recovery from illness, counseling and referral service, and death and dying.

"In providing the community with a Nursing and Wellness Center, PRCC is aggressive in recognizing the trends which impact nursing education," said Loustalot.

"Our students will utilize the facility as a clinical site as they prepare programs of care that will encourage personal participation in disease-free and healthy living."

Graduation at the

"A student is not a vessel to be filled . . .

Day River

. . . but a lamp
to be lighted"

Pearl River College's Wildcat basketball team had a "sixth" man on the floor at all home games . . . the fans. Nineteen ninety-seven's South Division champs have fans that are unmatched anywhere.
